The Plague Has Come to Mitakihara

by MiaQc

Summary

A one-sentence fanfic and crossover between Madoka Magica and Pathologic.
Maybe I'll write a more complete story. Who knows?

- A translation of La Peste est à Mitakihara by MiaQc

While the Sand Plague spreads through Mitakihara, killing everything in its path, Homura asks Artemy, whose soul ended up inside her Soul Gem, for forgiveness before traveling back in time once again to save her beloved Madoka from the plague's deadly grip.
